

LOGIKA trademark

We provide a solution concept and earnings forecast
free of charge to give you a decision-making basis

We submit a business offer for a compelling basis before we embark on the project – our free solution concept, giving you a reliable forecast as a decision-making basis.

Our range of services:

YOU CALL THE SHOTS

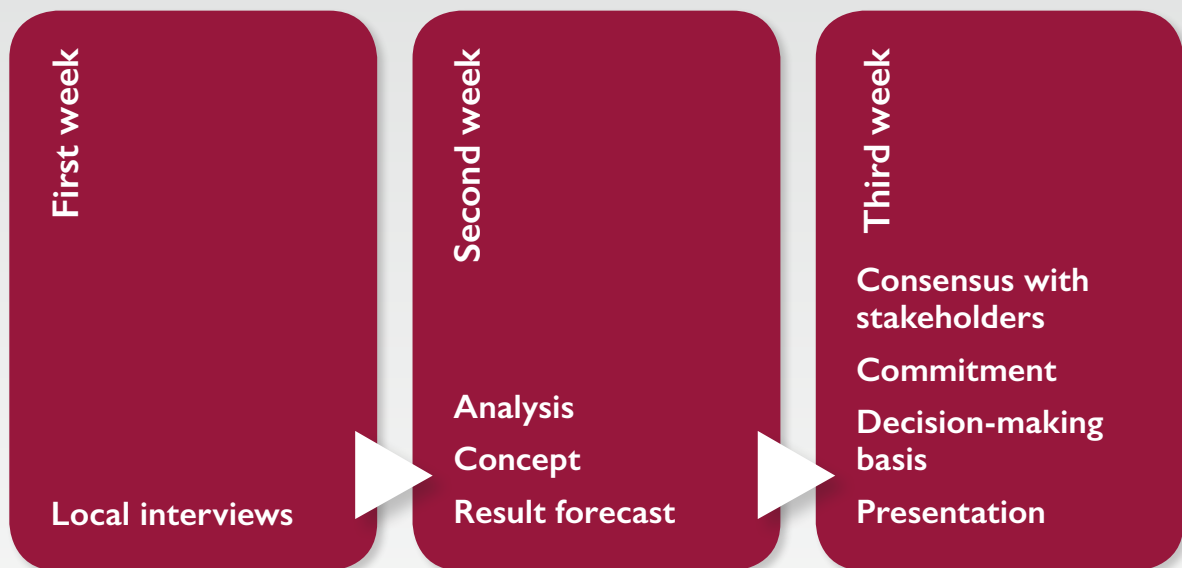

We get together to develop a solution concept towards achieving consensus with all of the stakeholders.

LOGIKA ensures high project profitability and develops a sound decision-making basis with a reliable earnings forecast.

IT'S YOUR CALL

Our managers and their experience assure you timely and professional support in reaching decisions in the interests of everyone involved.

Our solution approach:

“We have an excellent track record of more than 1,300 projects proving that any target and commitment is possible with our support. This has become our trademark.“

Gerhard Steinbach, Partner

Our clients have confirmed again and again that hiring LOGIKA has been a milestone with commitments kept in all of our projects – our solution concept creates a reliable basis.

Typical client testimonials:

Axalta Coating Systems: “Your support and advice played a major role in bringing our liquid business back on track. I have no doubt that you will continue to play an important role in the future success stories of companies.”

CABB: “Experienced and competent LOGIKA managers have tended to our project with dedication, giving us immense technical and methodological support. We have reached our goals in full and on time.”

Deutsche Bahn: “Our teams now excel in team spirit and cohesion thanks to support from LOGIKA.”

KION: “LOGIKA quickly managed to achieve our goals and turn inspiration into reality in interdepartmental cooperation. LOGIKA also improved delivery capability in a number of supplier optimisations.”

Siemens Locomotive & Components: “We saved €40 million from modularisation and process optimisation, while cutting throughput times by half – in a tight schedule with substantial support from LOGIKA.”

Süd-Chemie: “LOGIKA has been a capable partner in reducing maintenance costs and investments, especially in the successful timely implementation.”

ThyssenKrupp Stahl: “We fully satisfied our initial objectives – working with LOGIKA was a complete success.”

Volkswagen: “Even in difficult conditions, LOGIKA succeeded in achieving a neutral role as an arbitrator towards achieving delivery capability for runup.”
