

# LOGIKA profile

Our management team  
Commitments kept in 1,400 projects

**LOGIKA is a powerful partner for successful corporate development in industrial companies. We have high-profile managers to contribute to our clients' own management towards developing powerful concepts together.**

*Gerhard Steinbach, Partner*

### **The Company**

- 1982 LOGIKA GmbH founded

### **Management team**

- Fifty managers with technical and managerial expertise, average age: 47
- Sound managerial practice in major-name German and international companies – more than ten years in first or second-tier management
- Qualified training and multilingual skills

### **Clients**

- 180 satisfied clients
- Medium-sized companies and industrial corporations
- More than 1,400 projects in Germany, Europe, the Americas, and Asia

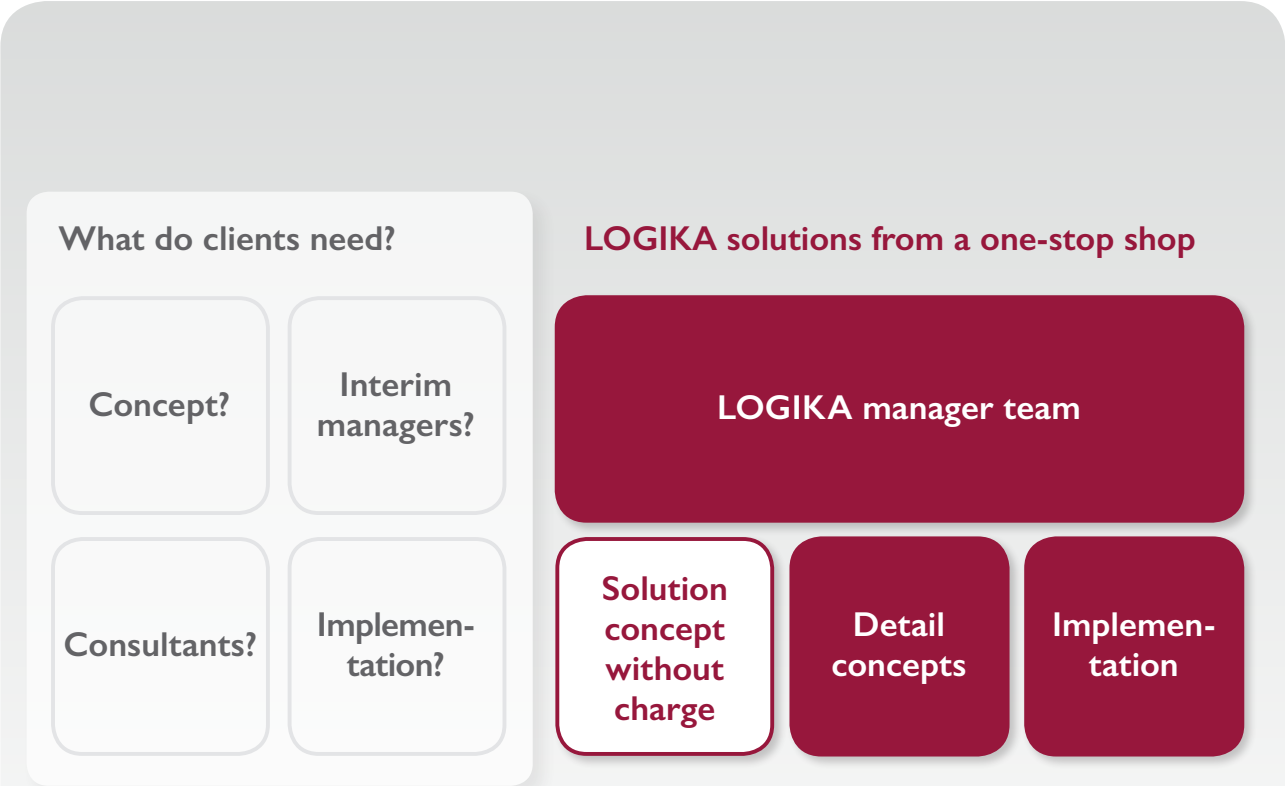

### **Business areas**

- Strategy and marketing
- Boosting efficiency and business process optimisation
- Restructuring and transactions

**LOGIKA ensures excellence in concept, implementation and fulfilment of objectives in consensus with all of the stakeholders. All of our LOGIKA managers contribute with their own individual personality and years of management experience.**

*Peter Selnar, Partner*

We at LOGIKA have been going from strength to strength for more than thirtyfive years. Each client has an average of eight projects with us, reflecting the quality of our services.

Ask us how you can benefit from our expertise in achieving your goals!
